Nationalists Report 211 Casualties

TAIPEI, Formosa (AP) -Nationalist China Sunday acknowledged 200 military casualties from the record shelling of the Quemoys Saturday night by Red Chinese guns. Eleven civilians were reported killed and 18 wounded.

The defense ministry said 41, 000 shells raked the strategic islands off the Red mainland for two hours with the heaviest bombardment in their history.

The ministry originally estimated that the Red batteries had hurled 50,000 shells at the Nationalist bastions.

A TTENDANCE may be off in some professional sports, but not in racing—especially motorcycle racing. Some 20,000 thrill-seeking fans, 8,000 of them cyclists, recently jammed the Belknap Sports Center near Laconia, N. H., to watch Brad Andres, an iron-nerved young speed demon from San Diego, Calif., win the gruelling, 100-mile National Championship Road Race against a field of 40 from all over the account.

Andres roared around the one-mile track to victory in one hour, 45 minutes and 24 seconds. The time was two minutes, 19 seconds slower than the track record, set by Andres two years ago. In winning, the lanky Californian retired the Wynn Oil Trophy for three Belknap victories. Earlier wins were registered in 1955 and 1956. Andres also won \$1,200 in prize money. Dick Mann, 23, of El Sobrante, Calif., was runnerup, finishing 30 seconds slower.

There were many spills, but no serious injuries. One machine caught fire on a hairpin turn, but quick action by referee Bob Finn averted a possible catastrophe. He flagged oncoming cyclists around the blaze. Local churches welcomed riders to services Sunday morning before the race in the afternoon, but asked those not attending to use other streets because of the noise. At the track it was a different story—deafening!

With three victories, Andres, 23, retires trophy.

Children Watch FREEPORT, III. (AP) - Police said Russell Moen, 34, shot and killed his wife, Roselyn, 30, and then himself on the front lawn of

their home Saturday as two of their five children watched. The children, Louann, 9, and Joyce, 8, told police Moen became angry during an argument with his wife and threatened to shoot her. The children said Mrs. Moen told them to leave the house and

followed them out. When the mother and two daughters reached the sidewalk, Moen ran out of the house with a gun and fired at his wife, hitting her four times in the back and shoulder.

The children said their father than turned the gun on himself. Police Sergeant Earl Marsh said the husband and wife died before they could be taken to a hospital. A neighbor, John Heilman, had telephoned authorities when the shooting started.

Hospital Notes

Mrs. Hardin Smith of Manches ter is a patient at Passavant hospital. She suffered a stroke one week ago.

Herbert Johnson is a patient at Schmitt Memorial Hospital in Beardstown for treatment of a leg injury at his work in Peoria. Mrs. Mabel Stribling of Ashland is a patient in Memorial Hospital at Springfield.

Cards Of Thanks

The kindness of friends and relatives in our recent sorrow will always remain a precious memory. Our sincere thanks to all. Helen Long and family.

I wish to thank the Doctor, Nurses for their kindness during my stay at Passavant hospital. Also my friends for their cards and flowers.

Auburn, as it's known, has been probed and reprobed about where its football talent comes from.

Walt Byars, the NCAA executive director, got another complaint during a meeting with the country's collegiate sports publieists here. "We've heard through members," he was told, "that Mrs. Bill Beckwith won the bridge prize on our wives' tournament and demand an immediate investigation."

KER HUSBAND IS the energetic praise-maker for Auburn foot-

The NCAA, it's said, now maintains headquarters in Kansas City, New York and Auburn, Ala. A year ago a former FBI man in the NCAA employ padded around town in the guise of an encyclopedia salesman. This gained him entrance into the apartment of Don Fuell, a college freshman. There he was able to inspect what kind of furniture a young man playing college football could afford. Nowhere in the three and a half rooms could he find the car

and boat supposed to be standard equipment for a kid who played sixth string quarterback on the frosh squad. Auburn was sweating out probation" — the mark of sin is upon you, but nothing happens. This Channel Race the last year of what is known in college circles as an "Oklahoma was changed to a bowl ban extending until 1960, which means less money with which to lure more young men in search of education.

Auburn isn't exactly complaining. In three years under the probation stigma, the Plainsmen lost exactly two games under Ralph (Shug) Jordan.

Trouble started for them that long ago when an unthoughtful but compassionate Auburn alumnus slipped wads of green bills into across the English Channel. the pockets of a couple of twins named Beaube in a Gadsden, Ala. She did it in the fabulous time hotel lobby. They just happened to be talking at the time to an of 11 hours flat. This was only 10 Auburn assistant coach who coyly ducked his eyes. And lurking behind pillars in the lobby were scouts from another Southeastern Conference school, rumored to exist to the north in Tuscaloosa.

Gadsden was split down the middle ("A broken city," says our scout). Half the town wanted the twins to go to the University of Alabama. The other half preferred Auburn. They went to neither, turned up at Tulsa eventually and could hardly play football worth

But it came to the attention of the SEC and later the NCAA Ronald Tarr, England, was thir that evil money was involved and Auburn was severely slapped with a two-year bowl ban and the one-year "Oklahoma" reprimand.

THE FUELL CASE last year renewed interest in the lively tockeving for animated talent. The state has its own Mason-Dixon division. To the north is considered Bama territory, Auburn gets the south. Any infringement brings a rumble. Fuell comes from a little town called Guntersville - in the north.

On Dec. 7, 1956 (the date mutually agreed upon in the SEC nel but instead of walking ashore for the opening of the hunting season), a raiding party came up from on land he came out of the water Auburn and signed him to a letter of intent.

There were three subsequent investigations. Then, Auburn claims, it spent more time than both the SEC and NCAA investi-

CROP PRODUCTION TOPS RECORD SET 10 YEARS AGO

The government crop report for August points to total crop production 7 percent larger than the previous record. This record was set in 1948, and equaled in 1956 and 1957. The wheat and sovbean crop estimates are at new record highs and corn and oats are at

Some farmers, viewing severe water damage on their own and neighboring farms, may doubt that rops can be as big as government precasts indicate. This is quite derstandable.

Jacksonville's Biggest Industry Prepares For Record Season

Around Jacksonville's vast system regardless of size. of educational institutions there is an air of anticipation and renewed activity these August days. From elementary schools to colleges, the tempo is picking up as the time for reopening the new term approaches. Some schools will reopen this week, others in September. The arrival of a new school year always is an event of front line importance to Jacksonville, because education is the city's largest in-

Millions are invested in schools and colleges here-millions are channeled into economic life because of their presence. For 130 years this city has been a center of learning, setting patterns in education that have had profound effect, not only upon this community but throughout the nation and world. Many other countries now send young women to Jacksonville to study, preparing themselves for service, mostly in their native lands.

Three colleges, two state schools, a business college, strong and finely staffed public and parochial elementary and high schools, give this community rare advantages for any city

Because of its many schools and colleges, Jacksonville sometimes is labeled a "college town" without due emphasis on its industrial plants and factories. The balance between schools and industry has grown into almost perfect alignment. The city's manufacturing plants, together with the schools, pump life-giving payrolls into the economic system. But in this modern age when the competitive race becomes faster, still more industries would be highly acceptable.

Opening of a new school year brings new faces, among both student bodies and faculties. The challenge of new horizons in education, with new goals of accomplishments, is evident as classes get down to work. Activities of the student organizations play an important role in the civic and social life of the community,

Advance reports from the schools and colleges point to a new record during the 1958-59 season in standards, interest, and accomplishments. The new school year will write another interesting chapter in the Jacksonville Story of Education.

Reciprocal Trade

The country now has a renewed reciprocal trade measure which substantially reflects the national wish that this program be continued on a solid footing.

The four-year extension of the act which Congress finally voted is not as generous in promise as the bill the House voted for a five-year renewal. But four years is a sufficient span to give our friends abroad encouragement that our policies are stable and reasonably enduring.

The approval proposal in other respects comes fairly close to what the President sought. In other words, Mr. Eisenhower is assured of substantial tions, toward the end of greater and more profitable trade for both sides.

This is the fundamental of this program, which has endured in one form or another since 1934 and beyond question has the wide backing of the country's voting majority.

The legislation handed to the President for signature fortunately

Miss Eldena Jean Duncan was nonored by a miscellaneous bridal shower Thursday, Aug. 7, by Mrs. Wayne Stanberry and Mrs. Rich. ard Eckley, at the latter's home in New Berlin, Ill. Miss Duncan will become the bride of Herbert L. Walls, of Jacksonville, on

August 24. The gifts for the bride-to-be were placed on a table trimmed in green and white, the bride's chosen colors. Featured above the table were a cluster of white wedding bells, a picture of the engaged couple and a copy of their wedding invitation. Wedding bells were placed through the room.

Dud's Bridge was played with first prize going to Mrs. Frances Bridgeman, second to Mrs. Rutl Barbour, and low to Mrs. Robert Williams. Miss Duncan opened her many gifts after which the hostesses served refreshments consisting of angel food cake, ice cream, green and white mints. nutmeats, and iced tea or coffee. Mrs. Charles Race assisted with the serving.

Those attending the shower were Mrs. Grace Duncan, mother of the bride-to-be; Mrs. Howard Walls, mother of the groom; Miss Addie Mae Duncan, Mrs. Maude King, Mrs. Gladys Benson, and Mrs. Robert Williams, all aunts of the bride-to-be.

Mrs. Lorene Ray, Mrs. Delores Tannahill, Mrs. Ruth Barbour. Mrs. Frances Bridgeman, Mrs. Irene Garner, Mrs. Rosalyn Mose-Mrs. Leta Stanberry, Mrs. Charles Race, Miss Mary Bentena, Miss Ruth Rexroat, Miss Margaret Mullens, the honoree and the

Shorthorn Steer Wins At Virginia

Mike Mallicoat, friendly and sincere 11 year old son of Mr. and Mrs. Russell Mallicoat of Virginia, brought a 1,025 pound Shorthorn steer to the Cass County Junior Fair last week. Together they got the nod from Judge Tom Reedy of Lovington and the grand championship rosette.

The steer had quite a few warts around his noggin but, wherever he stood and whenever Judge Reedy looked at him, he looked like a champion. He's a fine

Standing behind Mike is Bob Virgin, his 4-H leader. The reserve champion was a 1,000 pound Hereford owned by Wanda Smith, 12, daughter of Mr. and Mrs. Lloyd Smith of Virginia. She belongs to the Quebec 4-H club led by Dick Millner.

Women Honored In Absentia At Salem Reunion

Miss Meda Wilkie, 844 North Church, and Miss Martha Hoffman, . 720 East State, were honored in absentia at a reunion held in Salem school hall on Sunday Aug. 17. The Misses Wilkie and Hoffman have been worshipers and members of Salem Lutheran church longer than any living members. Miss Wilkie was confirmed in 1880 and Miss Hoffman

Both were presented with plaque of the Folded Hands by Alrecht Durer with the inscription "God Answers Prayer."

Those who were confirmed at Salem's altar in the years 1880 hrough 1917 were welcomed at the 10 o'clock service by the pasor, the Rev. H. C. Rose. "The Origin, Truth, and Power of the Gospel" was the theme of the

Rev. Rose's sermon. Following this service, a covred dish luncheon was served it the school hall. One hundred and ifty, many from other states and cities, enjoyed several hours o ellowship and reminiscence.

Mrs, Marie Gruber Gaither, Port Orchard, Washington, and Mrs Elizabeth Anhalt Beck, State Col ege, Arkansas, came the farthes iistance. Mrs. Beck is the daugh er-in-law of the Rev. Edward C Beck who was pastor of Salem Lu heran church from 1877 to 1904. Mrs. Carolina Holle Salisbury of Dearborn, Michigan, represented

NORTH SEA

astic rocket amateur, Wernher von Braun. Their first motor exploded in 1932. But by 1934 a new model had soared to one and a half miles. By 1939 a one-ton rocket rose to five miles. At the outbreak of World War II Hitler, unin

pressed, canceled the project's high priority. However, in 1942 a completed rocket, later known as the V-2, was ready to launch from the base at Peenemunde in the North Sea. This giant was 46 feet long, five feet in diameter

and weighed over 14 tons. With a 54-second motor run, it achieved a speed of nearly 3,500 miles an hour. For the first time in history a rocket was

sent to the border of space. But red tape, the Gestapo and a devastating raid by British bombers in 1943 severely retarded the work

By Don Oakley and Ralph Lane

Not until September 1944 did the first V-2 crash down on London. But by the end of the war some 1,500 were fired at England, more than 2,000 at the harbor of Antwerp. Too late to turn the war, the V-2 was, however, the herald of the age of space. But when in August 1945 the atomic age was even more horrifyingly ushered in, the possibility of a rocket-atom bomb combination turned the race for space into a race for survival.
